NUMB. 434.

THE South-Carolina Gazette.

Containing the freſheſt Advices Foreign and Domeſtick.

From MONDAY *July* 12, to MONDAY *July* 19, 1742.

The following *Speech* and *Addreſs* would have been inſerted in our laſt, but did not come to Hand 'till 'twas too late.

The SPEECH of the Honourable WILLIAM BULL, *Eſq; Lieutenant Governor and Commander in Chief in and over his Majeſty's Province of* South-Carolina, *to the Commons Houſe of Aſſembly of the ſaid Province, met at* Charles-Town *on Tueſday the 6th of* July, 1742.

Mr. Speaker and Gentlemen,

I HAVE received certain Information from General *Oglethorpe*, that the Colony of *Georgia* is invaded by a powerful Number of *Spaniſh* Troops, in Galleies and other Veſſels, which were landed the 26th of laſt Month, on the North Point of *Cumberland-Iſland*, within 12 Miles of St. *Simon's*, and by that Means I apprehend, they have cut off the Communication between St. *Simon's*, and Fort *William* on the South End of *Cumberland-Iſland*.

I have, with the Advice of his Majeſty's Council, laid an Embargo on all the Shipping in this Harbour, and taken ſuch other Meaſures as were thought neceſſary in the preſent Scituation of Affairs, to give the moſt immediate Relief to our Neighbouring Colony until the Meeting of the General Aſſembly: And, as the Safety of theſe Provinces is very much endangered by the Attempt, it requires our greateſt Attention and Concern; and therefore, I recommend it to your ſerious and immediate Conſideration, and deſire your Advice and Aſſiſtance on this important Occaſion, to enable me to ſend ſuch Succours for the Relief of *Georgia* as may be ſufficient, to diſappoint the Deſigns and Attempts of his Majeſty's Enemies againſt theſe Frontier Provinces.

I ſhall uſe my utmoſt Endeavours to carry into Execution, with the greateſt Diſpatch, ſuch Meaſures as ſhall be recommended by you, on the important Occaſion. As I have had ſo many Inſtances of your Zeal for his Majeſty's Service, and the Security of theſe Frontier Provinces, I have no room to doubt of your Readineſs, to make a proper Proviſion for the Expences that will neceſſary ariſe thereby.

WILLIAM BULL.

To the Honourable WILLIAM BULL, *Eſq; Lieutenant Governor and Commander in Chief in and over his Majeſty's Province of* South-Carolina.

The humble ADDRESS *of the Commons Houſe of Aſſembly of the ſaid Province.*

May it pleaſe your Honour,

WE his Majeſty's moſt dutiful and loyal Subjects, the Commons of his Majeſty's Province of *South-Carolina*, now met in General Aſſembly, cannot but return your Honour our hearty Thanks, for your Speech this Day delivered to us. And we muſt at the ſame Time declare the very great Concern we are under, to hear the Danger our Fellow Subjects of the Colony of *Georgia* are expoſed to, in being now actually invaded by his Majeſty's Enemies.

We beg Leave to aſſure your Honour, that we will moſt chearfully grant all the neceſſary Aſſiſtance in our Power for their Relief: And, laying aſide all Thoughts of other Buſineſs, will immediately proceed to conſider

conſider of the moſt ſpeedy and effectual Meaſures to provide the ſame.

In the Commons Houſe of Aſſembly, the 6th Day of July, 1742.

By Order of the Houſe,

WILLIAM BULL, *jun. Speaker.*

CHARLES-TOWN, July 19.

On the 14th Inſtant arrived here from *Frederica*, in a ſmall Boat within Land, Mr. *Stephen Bedon, jun.* Expreſs from General *Ogletborpe* to this Government, to ſolicit for immediate Succours. And by whom the following Information came, *viz.* That the Number of the *Spaniſh* Fleet which entered the Harbour of St. *Simon's* was 36, of which the principal One was a Ship that mounted 12 ſix Pounders, beſides Swivels, a large Settee or Half-Galley with 1 Eighteen and 2 Nine or Twelve Pounders in the Bow, ſome Quarter-Gallies, ſeveral others mounted 8 or 10 Guns, but moſt were ſmall Veſſels; That the General retreated with all his Forces from the Camp at St. *Simon's* to *Frederica*, the ſame Night that the *Spaniards* landed, having firſt nailed up his Cannon, burnt their Carriages, ſeveral Stores, *&c.* That the next Day the *Spaniards* were buſy intrenching themſelves at the Camp at St. *Simon's*. That there was Proviſions enough in *Frederica* for all the General's People for near Twelve Months, and all his Men in very good Heart. That it would be very difficult for the Enemy to attack him by Land, the Road or Path not admitting more than Two Men to march a-breaſt. That the *Indians* now with the General, had brought in to him Five *Spaniſh* Priſoners, who gave Information, that the Number of Men in the Fleet was about 3000, of which 800 were regular Forces, the Reſt, chiefly Mullatoes, Negroes and Convicts. That the Governor of St. *Auguſtine* commanded them, and was the Firſt that leap'd aſhore. That they had but little Proviſions, but had brought ſeveral large Pieces of Cannon to erect Batteries. And, that they expected 16 Sail more to join the Fleet.

We hear that Colonel *Vander Duſſen*, who was appointed to command the Succours to be ſent by Sea to the Relief of General *Ogletborpe*, did on the 14th Inſtant wait upon his Honour the Lieutenant Governor in Council, and begged Leave to reſign his Command.

On Saturday laſt his Majeſty's Ship the *Rye*, Capt. *Charles Hardy* Commander, ſailed with the *Charles-Town* Galley in Company, to join the reſt of the Men of War now on the Coaſt, in order to proceed to St. *Simon's*, and all the Veſſels fitted out by this Government are to follow him as they are able from Day to Day, and act under *his* Command.

Frederica in *Georgia, July* 9.

General *Ogletborpe* being arrived on the 6th by Day break, without the Loſs of a Man, and having brought up all the wounded on his Horſes, he diſmounted and marched on Foot himſelf, and gave his own Horſe to one: He immediately gave Orders for the Defence of this Place, ſending out Scouts on all Sides, and ſupplying the broken and loſt Arms, *&c.* ordered the Companies to be parraded. The ſame Afternoon the *Creek Indians* brought in Five *Spaniſh* Priſoners.

On the 7th, about 10 o'Clock in the Forenoon, the Rangers who had been on the Scout came, chas'd in by the *Spaniards*, giving an Account that the Enemy was within a Mile of this Place, where they had killed one *Small*. The General leap'd on the firſt Horſe he met with, and immediately marched the *Highland* Company, which was then under Arms parrading, and order'd Sixty from the Guard to follow, he himſelf galloped with the *Indians* to the Place, which was juſt within the Woods, about a Mile from hence, where he found Capt. *Sebaſtian Saintio* and Capt. *Mageleeto* with *One Hundred* and *Twenty Spaniſh* Troops and Forty-five *Tamaſee Indians*; Capt. *Grey* with his *Chickeſaws*, Capt. *Jones* with his *Tomobetans*, *Tooanobowi* with his *Creeks*, and the General with Six *Highlanders* who out-ran the Reſt, immediately charged them; Capt. *Mageleeto* was kill'd, Capt. *Sebaſtian Saintio* taken, and the *Spaniards* entirely defeated, Two of which the General took Priſoners with his own Hands; Capt. *Mageleeto* ſhot *Tooanobowi* in the right Arm as he ruſhed in upon him, but *Tooanobowi* drawing his Piſtol with his left Hand, ſhot him thro' the Head. The General purſued the Chaſe for near a Mile when he halted at an advantagious Piece of Ground, ſtayed 'till the Guard came up, and poſting the *Highlanders* on the right, and

the Guard on the left side of the Road, hid in a Wood, with a large Savannah or Meadow in their Front, over which the Enemy must pass to come to *Frederica*; this being done, the General return'd and order'd the Regiment, Rangers and Companies of Boat Men to march; whilst they were preparing we hear'd Platoons firing, upon which the General immediately re-mounted, rode towards the Place and met Three Platoons on the Left coming back in great Disorder, who gave him an Account that they had been broke by the *Spaniards* who were extremely numerous, notwithstanding which he rallied them, and rode on, and to his great Satisfaction found, Lieutenant *Southerland* with the Platoon of the Regiment under his Command, and Lieutenant *Mackay* with the *Highlanders*, had entirely defeated the *Spaniards*, consisting of Two Companies of Grenadiers making 100 Men, and 200 Foot; Don *Antonio Barbara*, who commanded them, was Prisoner but mortally wounded, they also took the Drum and several other Grenadiers. The General having order'd all the Troops to march from *Frederica*, as soon as they arrived he pursued the Enemy Four Miles. In the Two Actions there was one Captain, one Corporal and sixteen *Spaniards* taken, and about 100 killed; the rest are dispersed in the Woods, for the General halted all Night at a Pass through the Marshes, over which they must go in their Return to their Camp, and thereby intercepted them, the *Indians* are out hunting after them in the Woods, and every Hour bring in Scalps.

On the 8th, before Day break, the General advanced a Party of *Indians* towards the *Spanish* Camp at St. *Simon's*, who found they were all retired into the Ruins of the Fort, under the Cannon of their Men of War, upon which the General march'd back and arrived here about Noon. About the same Time a Party which the General had drawn from Fort *William*, arrived notwithstanding the *Spanish* Fleet lies between us to cut off our Communication with that Fort.
